

moDiSo

PROFICIENTLY ENGINEERED

COMPANY PROFILE 2023

ABOUT US

Celebrating a decade of success, MoDiSo is a Specialized provider of Security & Technology Solutions, Safety & Fire Systems, and Electro-Power applications.

Established in 2011, MoDiSo managed to grow fast in the advanced technology systems industry and gain immediate strength and expertise in managing the needs and requirements of clients. MoDiSo, since then, has become a reliable and preferred solution provider in different sectors of the industry.

ABOUT US

VISION

Becoming a key player in specialized engineering and technology solutions while realizing beneficial results to all stakeholders.

MISSION

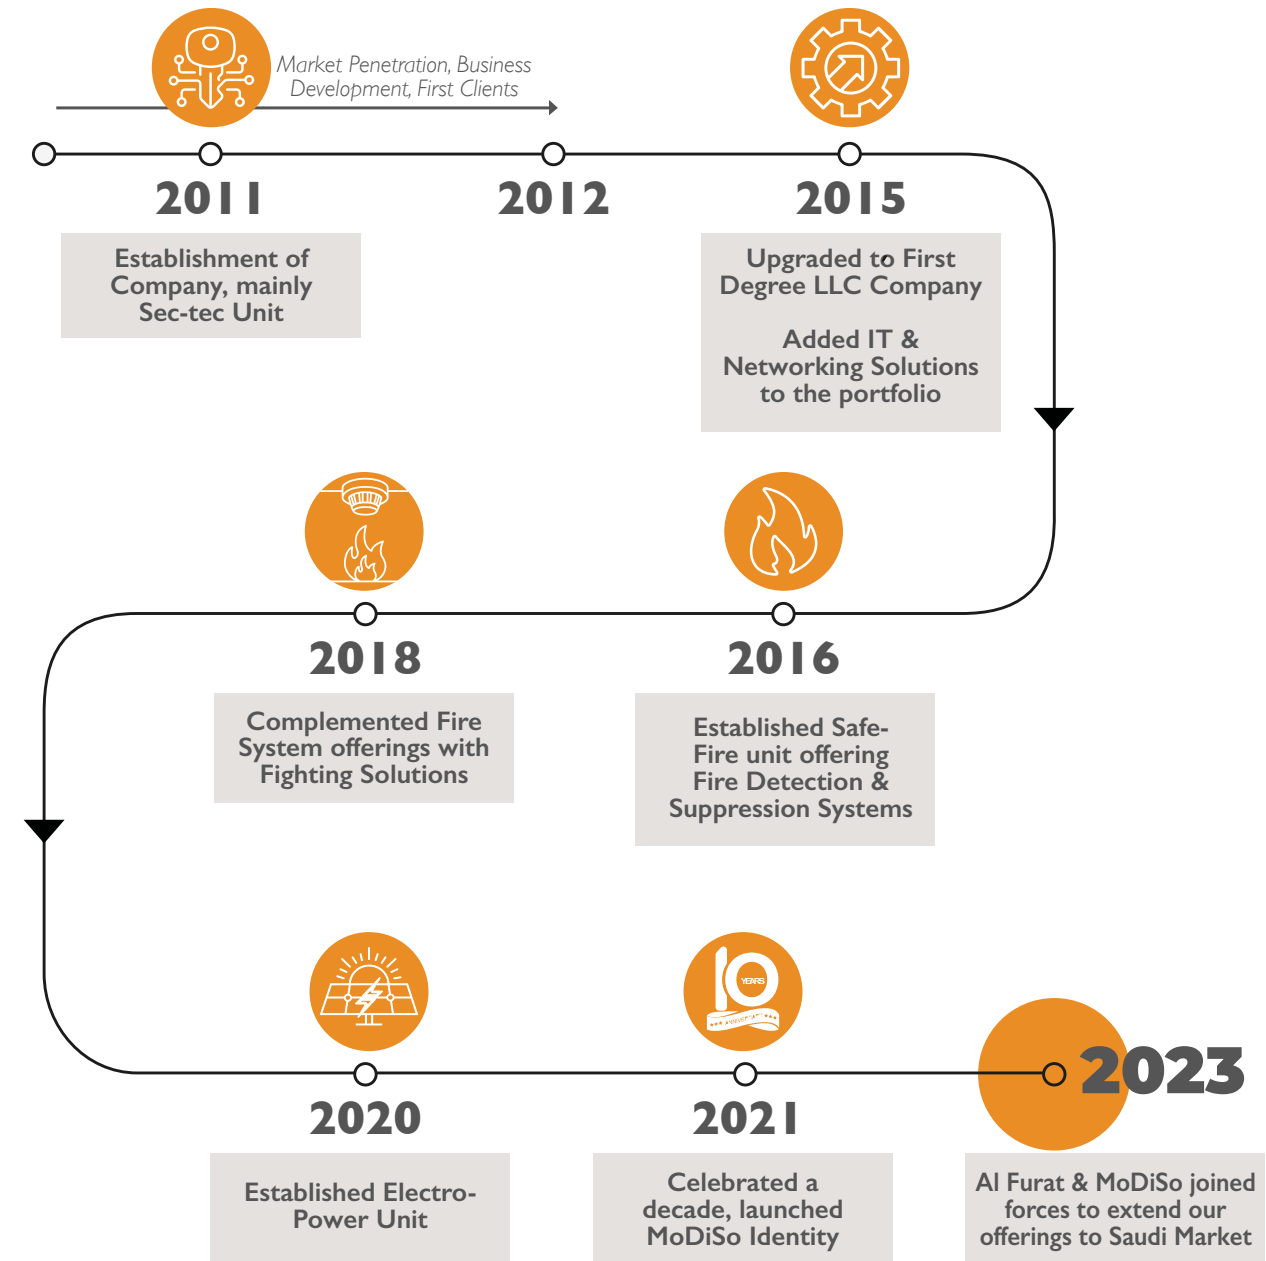

MoDiSo offers premium quality services across technologies by delivering leading solutions and applying advanced practices.

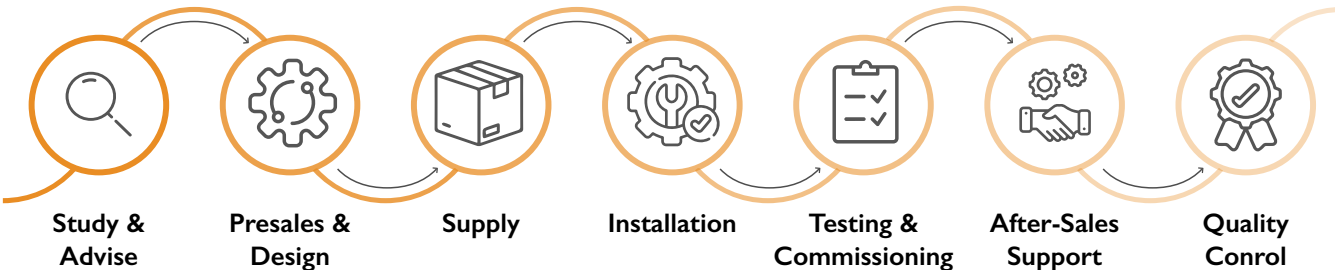

APPROACH

MoDiSo caters to the clients' requirements in all its offered solutions. We adopt a cooperative and advisory approach with our clients, offering value for the investments made.

COMPANY EVOLUTION

METHODOLOGY

BUSINESS UNITS & SERVICES

SUPPLY, INSTALLATION & COMMISSIONING OF SYSTEMS UNDER DIFFERENT UNITS

Sec-Tec

Surveillance Solutions
Access Control & Biometrics
AV & Automation Systems
Passive & Active ICT

Electro-Power

Energy Services
Renewable Solutions
Power Backup Solutions
Electric Vehicle (EV) Chargers

Safe-Fire

Fire Detection Systems
Fire Fighting Solutions
Fire Suppression Systems
Gas Detection Systems

VALUE ENGINEERING CAPABILITIES INCLUDING DESIGN OPTIMIZATION

Go the extra mile and maximize the income.

CUSTOMIZED & ENGINEERED SOLUTIONS CREATED BY OUR QUALIFIED TEAM TO FULFILL A SPECIFIC CLIENT NEED

PROJECT MANAGEMENT EXPERTISE TO DELIVER ON TIME WHILE CONTROLLING BUDGETS AND MITIGATING RISKS

MAINTENANCE AND AFTER SALES SUPPORT KEEPING CLIENTS WITH MINIMUM DOWN-TIME DURING OPERATIONS

MEP CONTRACTING WORKS IN DIVERSE SECTORS, BENEFITING FROM THE COMPANY'S INHOUSE OFFERINGS TO STRENGTHEN OUR PORTFOLIO AND MAXIMIZE CLIENT RESULTS

OFFERED SOLUTIONS

SEC-TEC UNIT | SYSTEMS & SOLUTIONS

Security Solutions

CCTV Systems | Cloud & On-premise Surveillance Solutions

- IP Cameras | Network Video Recorders (NVR)
- ANPR Solutions | Face Recognition
- Artificial Intelligence and Analytics | Edge & Server based
- Video Management Software (VMS) | Storage Solutions
- Supervisory Software | Control Rooms

Access Control & Time Attendance Systems

- Intelligent Controllers (Stand-alone | Networked | IP)
- Electronic Smart Handles | Cylinder Lock Systems
- Biometric Readers (Fingerprint | Palm Readers | Face Detection | etc.)
- Mobile Based Credentials
- Visitor Management | ID Badging Stations

Intrusion Alarm Systems | Wireless & Wired

Systems

Electronic Article Surveillance (Anti-Shop Lifting System)

Physical Security Equipment

- X-Ray Tunnel Machines
- Metal Detection | Walk Through & Handheld Devices | Explosive Detectors

Public Entry and Smart Automation Systems

Videophone and Tenant Communication Systems

Smart Building & Office Automation Systems

Passive & Active Networking | Technology Solutions

WiFi Access Points | Active Networks & Switches

IP Telephony | IP Gateways | Communication Systems

Video Conference Solutions | Wireless Collaboration

Meeting Room Booking Solutions

Data Center Solutions

Rack Cabinet Access Control System

- Retro & Custom Fit Locks for all types of Cabinet locks
- Built-in Biometric & Card Reader/ Locks
- Integration with Access Control System

Environment Monitoring & Water Leakage Systems

Hotel & Lodging Solutions

Hotel Locking Systems | Online & Offline | DND Systems

Guest Room Management Solutions

Property Management Software

Audio-Visual

IPTV | SMATV Systems | Digital Signage

PA & BGM Systems (Wired | Wireless | IP Audio)

Laser Projectors | Screens | Motorized Screens

Smart Interactive Boards & Screens

Gate & Door Automation

Automatic Gates | Barriers | Road Blockers | Turnstiles | Speed-Gates

Door Automation (Sliding | Swing | Curved | Revolving Door Operators)

Parking Management Systems

Other Low Current Solutions

Nurse Call Systems | Disabled Toilet Systems | Queuing Systems

Remote Alarm Monitoring Solutions

Innovative Custom-Made Solutions | Integrations

Successful Installations include

- Paid Toilet Access Systems
- Single Platform for Fire Alarm integration from different Manufacturers

AIoT Based Solutions

IoT Sensors, Controllers & Displays

- Smart Buildings | Energy Efficiency
- Smart Office | Air Quality Sensing | AI Workplace
- Smart City | Smart Agriculture
- Intelligent Traffic Solutions

ELECTRO-POWER UNIT | SYSTEMS & SOLUTIONS

Energy Services

Energy Audits and Reports

Detailed Energy Monitoring & Management

Owner Representative

Energy Conservation Measures (ECMs)

Professional Advises | Savings Projection

Business Data Analytics

Renewable Solutions

Study & Design of Renewable Installations

On-Grid | Off-Grid | Hybrid Solar Systems

Solar Items (fridges, lights, water heaters, etc.)

Turnkey Projects

Funding Options | ROI details

Power Backup Solutions

Uninterruptable Power Supplies (UPS)

Stabilizers

Central Battery Systems

Power Generators

Electric Vehicle (EV) Chargers

AC and DC Chargers

EV Networks

Cloud Management System

SAFE-FIRE UNIT | SYSTEMS & SOLUTIONS

Fire Detection & Alarm Systems

Fire Alarm Control Panels (Conventional, Addressable, & Wireless)

Fire Detectors | Notification Devices | Modules and Accessories

Gas Detection Systems

Integration Platforms & Remote Monitoring

Fire Suppressions Systems

Clean Agents & Gases (NOVEC | FM 200 | Inert Gases | CO2)

Wet-chemicals (for Kitchen Hoods)

Fire Fighting Solutions

Fire Pumps & Accessories

Water Hydrant System (Dry & Wey Barrels)

Water Spray System (Sprinklers | Deluge & Pre-action)

Hose Reels | Cabinets | Fire Extinguishers | Fire Blankets | etc.

TRAININGS

As part of our approach and methodology, MoDiSo team undergo multiple trainings and certifications that would enrich their individual and technical skills. Trainings are not only limited to the solutions & products that we offer, but extends to other company related processes, including finance, marketing, purchasing, logistics and HR.

MoDiSo is simply a learning journey for the whole team where all stakeholders benefit from and that includes our clients as well.

CLIENTELE LIST

Banking & Financial Sector

Governmental Sector

TeleCo & IT

Hospitality | F&B Sector

Energy | Oil & Gas Sector

Transportation Sector

Healthcare Sector

Industrial Sector

Private Sector & Consultants

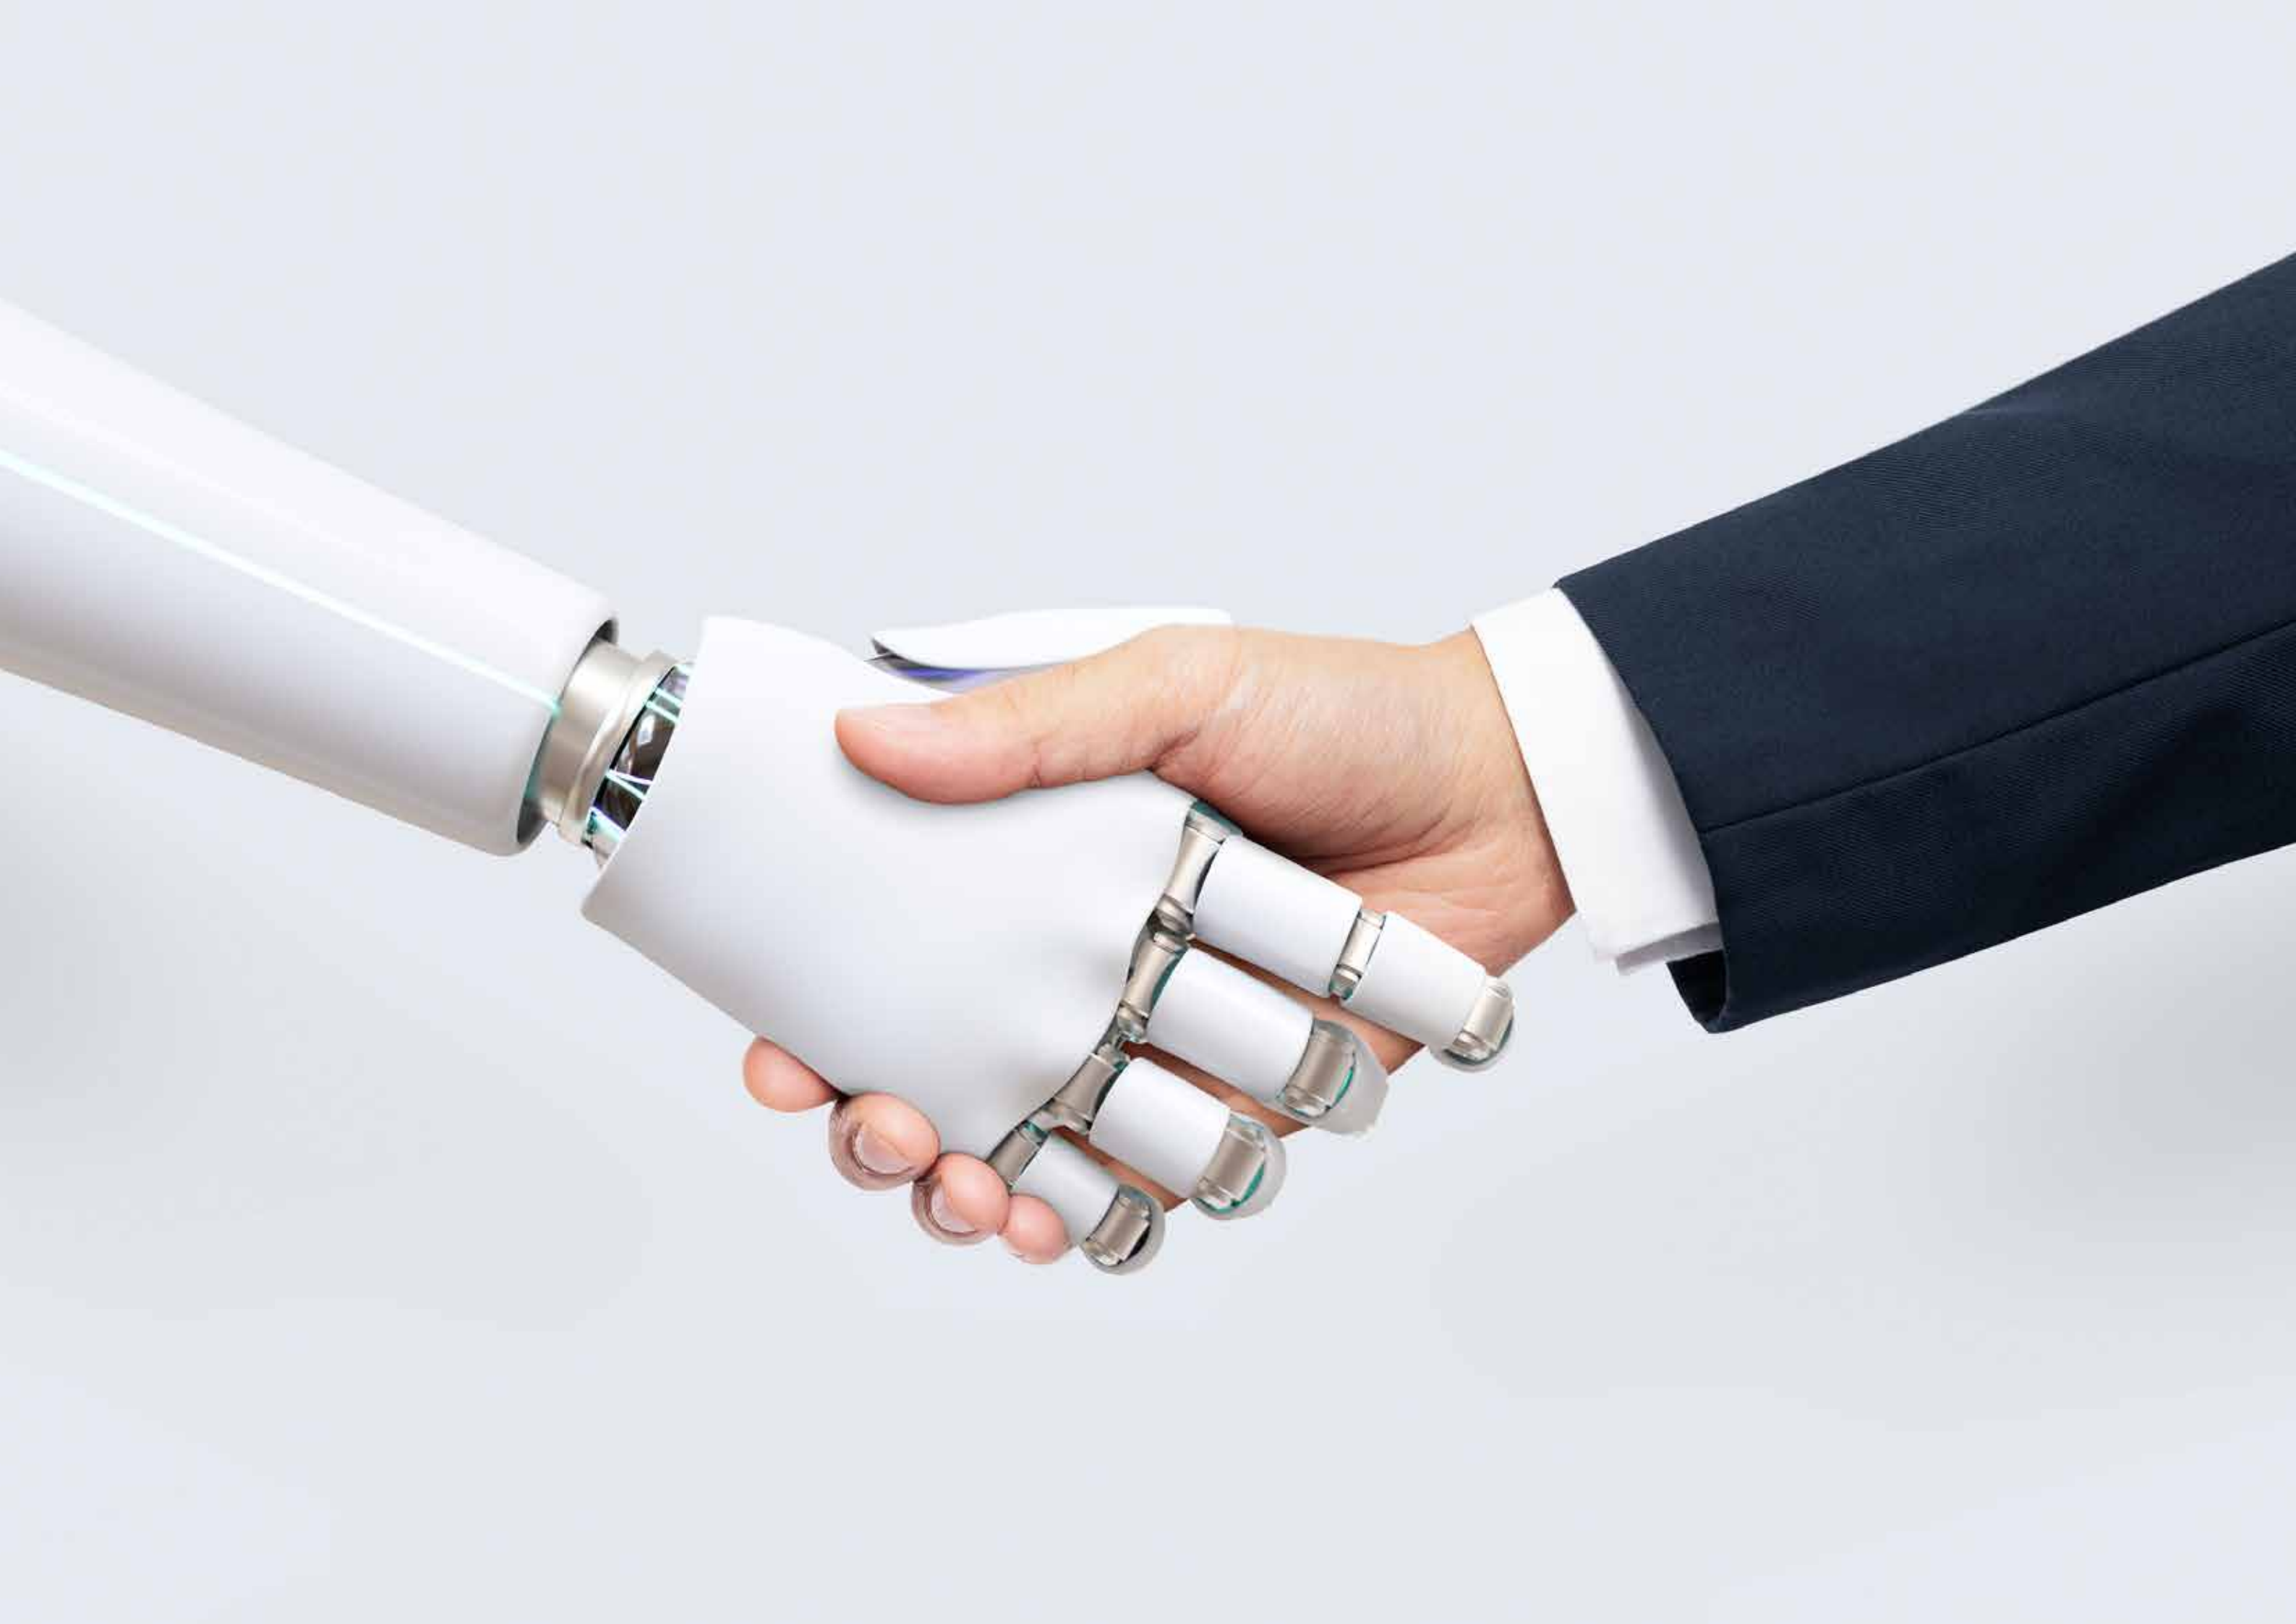

Contractors & Real Estate

Retail & Shops
